

California Public Library Modernization Construction Projects Data Collection Form:

Please provide the project information below for all library modernization (remodel, retrofit, renovation, addition) projects which can start construction in 2009.
(Information on New Construction projects is NOT being collected at this time)

1 Contact Person Completing Form: Nora Conte 831-636-4097

2	3	4	5	6	7	8
San Benito County Free Library	San Benito County Free Library Main Remodeling and Expansion	Hollister, CA	95023-3885	1-Jul-09	4,400,000	2,200,000

9 Project Description & Benefits: The project will remodel and expand the existing main 1960 library with ADA access, carpeting, energy conservation, and telecommunications capabilities. This construction project will include asbestos removal and employ the suitable number of construction workers needed for a year long remodeling project. The outcome will be a facility that is ADA accessible with reduced energy consumption, wired for improved electronic access and much improved community infrastructure with a literacy space for individual tutoring, group training and a large community meeting room.

Example:

→ Somewhere Public Library	Califa Branch Library Remodeling	Anywhere, CA	94237-0001	Aug-09	\$2,000,000	\$1,000,000
Project Description & Benefits: The project will remodel the existing library for ADA access, energy (LEED Silver) conservation, and telecommunications capabilities. It is estimated that the construction project will employ 20 construction workers for 6 months. The outcome will be a library building that is universally accessible, with reduced energy consumption and providing greatly improved electronic access in general and much improved community information and business services along with a career center.
