- a. **Initial Notice to the Department.** (1) To notify the Department **immediately by telephone call or email or fax** upon the discovery of a breach of unsecured PHI in electronic media or in any other media if the PHI was, or is reasonably believed to have been, accessed or acquired by an unauthorized person. (2) To notify the Department **within 24 hours (one hour if SSA data) by email or fax** of the discovery of any suspected security incident, intrusion or unauthorized access, use or disclosure of PHI in violation of this Agreement or this Exhibit E-1, or potential loss of confidential data affecting this Agreement. A breach shall be treated as discovered by Contractor as of the first day on which the breach is known, or by exercising reasonable diligence would have been known, to any person (other than the person committing the breach) who is an employee, officer or other agent of Contractor.

Notice shall be provided to the Information Protection Unit, Office of HIPAA Compliance. If the incident occurs after business hours or on a weekend or holiday and involves electronic PHI, notice shall be provided by calling the Information Protection Unit (916.445.4646, 866-866-0602) or by emailing privacyofficer@dhcs.ca.gov. Notice shall be made using the DHCS "Privacy Incident Report" form, including all information known at the time. Contractor shall use the most current version of this form, which is posted on the DHCS Information Security Officer website (www.dhcs.ca.gov, then select "Privacy" in the left column and then "Business Partner" near the middle of the page) or use this link:

<http://www.dhcs.ca.gov/formsandpubs/laws/priv/Pages/DHCSBusinessAssociatesOnly.aspx>

Upon discovery of a breach or suspected security incident, intrusion or unauthorized access, use or disclosure of Department PHI, Contractor shall take:

- i) Prompt corrective action to mitigate any risks or damages involved with the breach and to protect the operating environment; and
- ii) Any action pertaining to such unauthorized disclosure required by applicable Federal and State laws and regulations.

- b. **Investigation and Investigation Report.** To immediately investigate such suspected security incident, security incident, breach, or unauthorized access, use or disclosure of PHI . Within 72 hours of the discovery, Contractor shall submit an updated "Privacy Incident Report" containing the information marked with an asterisk and all other applicable information listed on the form, to the extent known at that time, to the Information Protection Unit.
- c. **Complete Report.** To provide a complete report of the investigation to the Department Program Contract Manager and the Information Protection Unit within ten (10) working days of the discovery of the breach or unauthorized use or disclosure. The report shall be submitted on the "Privacy Incident Report" form and shall include an assessment of all known factors relevant to a determination of whether a breach occurred under applicable provisions of HIPAA, the HITECH Act, and the HIPAA regulations. The report shall also include a full, detailed corrective action plan, including information on measures that were taken to halt and/or contain the improper use or disclosure. If the Department requests information in addition to that listed on the "Privacy Incident Report" form, Contractor shall make reasonable efforts to provide the Department with such information. If, because of the circumstances of the incident, Contractor needs more than ten (10) working days from the discovery to submit a complete report, the Department may grant a reasonable extension of time, in which case Contractor shall submit periodic updates until the complete report is submitted. If necessary, a Supplemental Report may be used to submit revised or additional information after the completed report is submitted, by submitting the revised or additional information on an updated "Privacy Incident Report" form. The Department will review and approve the determination of whether a breach occurred and whether individual notifications and a corrective action plan are required.
- d. **Responsibility for Reporting of Breaches.** If the cause of a breach of Department PHI is attributable to Contractor or its agents, subcontractors or vendors, Contractor is responsible for all required reporting of the breach as specified in 42 U.S.C. section 17932 and its implementing regulations,

If a breach involves more than 500 California residents, Contractor shall also provide, after obtaining written prior approval of DHCS, notice to the Attorney General for the State of California, Privacy Enforcement Section. If Contractor has reason to believe that duplicate reporting of the same breach or incident may occur because its subcontractors, agents or vendors may report the breach or incident to the Department in addition to Contractor, Contractor shall notify the Department, and the Department and Contractor may take appropriate action to prevent duplicate reporting.

- e. **Responsibility for Notification of Affected Individuals.** If the cause of a breach of Department PHI is attributable to Contractor or its agents, subcontractors or vendors and notification of the affected individuals is required under state or federal law, Contractor shall bear all costs of such notifications as well as any costs associated with the breach. In addition, the Department reserves the right to require Contractor to notify such affected individuals, which notifications shall comply with the requirements set forth in 42U.S.C. section 17932 and its implementing regulations, including, but not limited to, the requirement that the notifications be made without unreasonable delay and in no event later than 60 calendar days after discovery of the breach. The Department will provide its review and approval expeditiously and without unreasonable delay.
- f. **Department Contact Information.** To direct communications to the above referenced Department staff, the Contractor shall initiate contact as indicated herein. The Department reserves the right to make changes to the contact information below by giving written notice to the Contractor. Contractor shall develop and maintain a written information privacy and security program that include administrative, technical and physical safeguards appropriate to the size and complexity of Contractor's operations and the nature and scope of its activities, which incorporate the requirements of section 3, Security, below. Contractor will provide DHCS with its current policies upon request.
- 3) **Security.** Contractor shall take any and all steps necessary to ensure the continuous security of all computerized data systems containing PHI and/or PI, and to protect paper documents containing PHI and/or PI. These steps shall include, at a minimum:
 - a. Complying with all of the data system security precautions listed in Attachment A, Business Associate Data Security Requirements;
 - b. Providing a level and scope of security that is at least comparable to the level and scope of security established by the Office of Management and Budget in OMB Circular No. A-130, Appendix III- Security of Federal Automated Information Systems, which sets forth guidelines for automated information systems in Federal agencies; and
 - c. If the data obtained by Contractor from DHCS includes PII, Contractor shall also comply with the substantive privacy and security requirements in the Computer Matching and Privacy Protection Act Agreement between the SSA and the California Health and Human Services Agency (CHHS) and in the Agreement between the SSA and DHCS, known as the Information Exchange Agreement, which are attached as Attachment B and incorporated into this Agreement. The specific sections of the IEA with substantive privacy and security requirements to be complied with are sections E, F, and G, and in Attachment 4 to the IEA, Electronic Information Exchange Security Requirements, Guidelines and Procedures for Federal, State and Local Agencies Exchanging Electronic Information with the SSA. Contractor also agrees to ensure that any agents, including a subcontractor to whom it provides

DHCS PII, agree to the same requirements for privacy and security safeguards for confidential data that apply to Contractor with respect to such information.

- 4) **Mitigation of Harmful Effects.** To mitigate, to the extent practicable, any harmful effect that is known to Contractor of a use or disclosure of Department PI or PII by Contractor or its subcontractors in violation of this Exhibit E-2.
- 5) **Contractor's Agents and Subcontractors.** To impose the same restrictions and conditions set forth in this Exhibit E-2 on any subcontractors or other agents with whom Contractor subcontracts any activities under this Agreement that involve the disclosure of Department PI or PII to the subcontractor.
- 6) **Availability of Information to DHCS.** To make Department PI and PII available to the Department for purposes of oversight, inspection, amendment, and response to requests for records, injunctions, judgments, and orders for production of Department PI and PII. If Contractor receives Department PII, upon request by DHCS, Contractor shall provide DHCS with a list of all employees, contractors and agents who have access to Department PII, including employees, contractors and agents of its subcontractors and agents.
- 7) **Cooperation with DHCS.** With respect to Department PI, to cooperate with and assist the Department to the extent necessary to ensure the Department's compliance with the applicable terms of the CIPA including, but not limited to, accounting of disclosures of Department PI, correction of errors in Department PI, production of Department PI, disclosure of a security breach involving Department PI and notice of such breach to the affected individual(s).
- 8) **Confidentiality of Alcohol and Drug Abuse Patient Records.** Contractor agrees to comply with all confidentiality requirements set forth in Title 42 Code of Federal Regulations, Chapter I, Subchapter A, Part 2. Contractor is aware that criminal penalties may be imposed for a violation of these confidentiality requirements.
- 9) **Breaches and Security Incidents.** During the term of this Agreement, Contractor agrees to implement reasonable systems for the discovery and prompt reporting of any breach or security incident, and to take the following steps:
 - a. Initial Notice to the Department. (1) To notify the Department

immediately by telephone call or email or fax upon the discovery of a breach of unsecured Department PI or PII in electronic media or in any other media if the PI or PII was, or is reasonably believed to have been, accessed or acquired by an unauthorized person, or upon discovery of a suspected security incident involving Department PII. (2) To notify the Department **within one (1) hour by email or fax** if the data is data subject to the SSA Agreement; and **within 24 hours by email or fax** of the discovery of any suspected security incident, intrusion or unauthorized access, use or disclosure of Department PI or PII in violation of this Agreement or this Exhibit E-1 or potential loss of confidential data affecting this Agreement. A breach shall be treated as discovered by Contractor as of the first day on which the breach is known, or by exercising reasonable diligence would have been known, to any person (other than the person committing the breach) who is an employee, officer or other agent of Contractor.

- b. Notice shall be provided to the Information Protection Unit, Office of HIPAA Compliance. If the incident occurs after business hours or on a weekend or holiday and involves electronic Department PI or PII, notice shall be provided by calling the Department Information Security Officer. Notice shall be made using the DHCS "Privacy Incident Report" form, including all information known at the time. Contractor shall use the most current version of this form, which is posted on the DHCS Information Security Officer website (www.dhcs.ca.gov, then select "Privacy" in the left column and then "Business Partner" near the middle of the page) or use this link:
<http://www.dhcs.ca.gov/formsandpubs/laws/priv/Pages/DHCSBusinessAssociatesOnly.aspx> .
- c. Upon discovery of a breach or suspected security incident, intrusion or unauthorized access, use or disclosure of Department PI or PII, Contractor shall take:
 - i. Prompt corrective action to mitigate any risks or damages involved with the breach and to protect the operating environment; and
 - ii. Any action pertaining to such unauthorized disclosure required by applicable Federal and State laws and

regulations.

- d. **Investigation and Investigation Report.** To immediately investigate such suspected security incident, security incident, breach, or unauthorized access, use or disclosure of PHI. Within 72 hours of the discovery, Contractor shall submit an updated "Privacy Incident Report" containing the information marked with an asterisk and all other applicable information listed on the form, to the extent known at that time, to the Department Information Security Officer.
- e. **Complete Report.** To provide a complete report of the investigation to the Department Program Contract Manager and the Information Protection Unit within ten (10) working days of the discovery of the breach or unauthorized use or disclosure. The report shall be submitted on the "Privacy Incident Report" form and shall include an assessment of all known factors relevant to a determination of whether a breach occurred. The report shall also include a full, detailed corrective action plan, including information on measures that were taken to halt and/or contain the improper use or disclosure. If the Department requests information in addition to that listed on the "Privacy Incident Report" form, Contractor shall make reasonable efforts to provide the Department with such information. If, because of the circumstances of the incident, Contractor needs more than ten (10) working days from the discovery to submit a complete report, the Department may grant a reasonable extension of time, in which case Contractor shall submit periodic updates until the complete report is submitted. If necessary, a Supplemental Report may be used to submit revised or additional information after the completed report is submitted, by submitting the revised or additional information on an updated "Privacy Incident Report" form. The Department will review and approve the determination of whether a breach occurred and whether individual notifications and a corrective action plan are required.
- f. **Responsibility for Reporting of Breaches.** If the cause of a breach of Department PI or PII is attributable to Contractor or its agents, subcontractors or vendors, Contractor is responsible for all required reporting of the breach as specified in CIPA, section 1798.29 and as may be required under the IEA. Contractor shall bear all costs of required

notifications to individuals as well as any costs associated with the breach. The Privacy Officer shall approve the time, manner and content of any such notifications and their review and approval must be obtained before the notifications are made. The Department will provide its review and approval expeditiously and without unreasonable delay.

- g. If Contractor has reason to believe that duplicate reporting of the same breach or incident may occur because its subcontractors, agents or vendors may report the breach or incident to the Department in addition to Contractor, Contractor shall notify the Department, and the Department and Contractor may take appropriate action to prevent duplicate reporting.
- h. **Department Contact Information.** To direct communications to the above referenced Department staff, the Contractor shall initiate contact as indicated herein. The Department reserves the right to make changes to the contact information below by giving written notice to the Contractor. Said changes shall not require an amendment to this Addendum or the Agreement to which it is incorporated.

EXHIBIT E-3

Miscellaneous Terms and Conditions

Applicable to Exhibit E

- 1) **Disclaimer.** The Department makes no warranty or representation that compliance by Contractor with this Exhibit E, HIPAA or the HIPAA regulations will be adequate or satisfactory for Contractor's own purposes or that any information in Contractor's possession or control, or transmitted or received by Contractor, is or will be secure from unauthorized use or disclosure. Contractor is solely responsible for all decisions made by Contractor regarding the safeguarding of the Department PHI, PI and PII.
- 2) **Amendment.** The parties acknowledge that federal and state laws relating to electronic data security and privacy are rapidly evolving and that amendment of this Exhibit E may be required to provide for procedures to ensure compliance with such developments. The parties specifically agree to take such action as is necessary to implement the standards and requirements of HIPAA, the HITECH Act, and the HIPAA regulations, and other applicable state and federal laws. Upon either party's request, the other party agrees to promptly enter into negotiations concerning an amendment to this Exhibit E embodying written assurances consistent with the standards and requirements of HIPAA, the HITECH Act, and the HIPAA regulations, and other applicable state and federal laws. The Department may terminate this Agreement upon thirty (30) days written notice in the event:
 - a) Contractor does not promptly enter into negotiations to amend this Exhibit E when requested by the Department pursuant to this section; or
 - b) Contractor does not enter into an amendment providing assurances regarding the safeguarding of Department PHI that the Department deems is necessary to satisfy the standards and requirements of HIPAA and the HIPAA regulations.
- 3) **Judicial or Administrative Proceedings.** Contractor will notify the Department if it is named as a defendant in a criminal proceeding for a violation of HIPAA or other security or privacy law. The Department may terminate this Agreement if Contractor is found guilty of a criminal violation of HIPAA. The Department may terminate this Agreement if a finding or stipulation that the Contractor has violated any standard or requirement of HIPAA, or other security or privacy laws is made in any administrative or civil proceeding in which the Contractor is a party or

has been joined. DHCS will consider the nature and seriousness of the violation in deciding whether or not to terminate the Agreement.

- 4) **Assistance in Litigation or Administrative Proceedings.** Contractor shall make itself and any subcontractors, employees or agents assisting Contractor in the performance of its obligations under this Agreement, available to the Department at no cost to the Department to testify as witnesses, or otherwise, in the event of litigation or administrative proceedings being commenced against the Department, its directors, officers or employees based upon claimed violation of HIPAA, or the HIPAA regulations, which involves inactions or actions by the Contractor, except where Contractor or its subcontractor, employee or agent is a named adverse party.
- 5) **No Third-Party Beneficiaries.** Nothing express or implied in the terms and conditions of this Exhibit E is intended to confer, nor shall anything herein confer, upon any person other than the Department or Contractor and their respective successors or assignees, any rights, remedies, obligations or liabilities whatsoever.
- 6) **Interpretation.** The terms and conditions in this Exhibit E shall be interpreted as broadly as necessary to implement and comply with HIPAA, the HITECH Act, and the HIPAA regulations. The parties agree that any ambiguity in the terms and conditions of this Exhibit E shall be resolved in favor of a meaning that complies and is consistent with HIPAA, the HITECH Act and the HIPAA regulations, and, if applicable, any other relevant state and federal laws.
- 7) **Conflict.** In case of a conflict between any applicable privacy or security rules, laws, regulations or standards the most stringent shall apply. The most stringent means that safeguard which provides the highest level of protection to PHI, PI and PII from unauthorized disclosure. Further, Contractor must comply within a reasonable period of time with changes to these standards that occur after the effective date of this Agreement.
- 8) **Regulatory References.** A reference in the terms and conditions of this Exhibit E to a section in the HIPAA regulations means the section as in effect or as amended.
- 9) **Survival.** The respective rights and obligations of Contractor under Section 3, Item D of Exhibit E-1, and Section 3, Item B of Exhibit E-2, Responsibilities of Contractor, shall survive the termination or expiration of this Agreement.

- 10) **No Waiver of Obligations.** No change, waiver or discharge of any liability or obligation hereunder on any one or more occasions shall be deemed a waiver of performance of any continuing or other obligation, or shall prohibit enforcement of any obligation, on any other occasion.
- 11) **Audits, Inspection and Enforcement.** From time to time, and subject to all applicable federal and state privacy and security laws and regulations, the Department may conduct a reasonable inspection of the facilities, systems, books and records of Contractor to monitor compliance with this Exhibit E. Contractor shall promptly remedy any violation of any provision of this Exhibit E. The fact that the Department inspects, or fails to inspect, or has the right to inspect, Contractor's facilities, systems and procedures does not relieve Contractor of its responsibility to comply with this Exhibit E. The Department's failure to detect a non-compliant practice, or a failure to report a detected non-compliant practice to Contractor does not constitute acceptance of such practice or a waiver of the Department's enforcement rights under this Agreement, including this Exhibit E.
- 12) **Due Diligence.** Contractor shall exercise due diligence and shall take reasonable steps to ensure that it remains in compliance with this Exhibit E and is in compliance with applicable provisions of HIPAA, the HITECH Act and the HIPAA regulations, and other applicable state and federal law, and that its agents, subcontractors and vendors are in compliance with their obligations as required by this Exhibit E.
- 13) **Term.** The Term of this Exhibit E-1 shall extend beyond the termination of the Agreement and shall terminate when all Department PHI is destroyed or returned to the Department, in accordance with 45 CFR Section 164.504(e)(2)(ii)(I), and when all Department PI and PII is destroyed in accordance with Attachment A.
- 14) **Effect of Termination.** Upon termination or expiration of this Agreement for any reason, Contractor shall return or destroy all Department PHI, PI and PII that Contractor still maintains in any form, and shall retain no copies of such PHI, PI or PII. If return or destruction is not feasible, Contractor shall notify the Department of the conditions that make the return or destruction infeasible, and the Department and Contractor shall determine the terms and conditions under which Contractor may retain the PHI, PI or PII. Contractor shall continue to extend the protections of this Exhibit E to such Department PHI, PI and PII, and shall limit further use of such data to those purposes that make the return or destruction of such data infeasible. This provision shall apply to Department PHI, PI and PII that is in the possession of subcontractors or agents of Contractor.

The screening should be commensurate with the risk and magnitude of harm the employee could cause, with more thorough screening being done for those employees who are authorized to bypass significant technical and operational security controls. The Contractor shall retain each workforce member's background check documentation for a period of three (3) years.

2. Technical Security Controls

- A. **Workstation/Laptop encryption.** All workstations and laptops that store Department PHI or PI either directly or temporarily must be encrypted using a FIPS 140-2 certified algorithm which is 128bit or higher, such as

Advanced Encryption Standard (AES). The encryption solution must be full disk unless approved by the Department Information Security Office.

- B. **Server Security.** Servers containing unencrypted Department PHI or PI must have sufficient administrative, physical, and technical controls in place to protect that data, based upon a risk assessment/system security review.
- C. **Minimum Necessary.** Only the minimum necessary amount of Department PHI or PI required to perform necessary business functions may be copied, downloaded, or exported.
- D. **Removable media devices.** All electronic files that contain Department PHI or PI data must be encrypted when stored on any removable media or portable device (i.e. USB thumb drives, floppies, CD/DVD, Blackberry, backup tapes etc.). Encryption must be a FIPS 140-2 certified algorithm which is 128bit or higher, such as AES.
- E. **Antivirus software.** All workstations, laptops and other systems that process and/or store Department PHI or PI must install and actively use comprehensive anti-virus software solution with automatic updates scheduled at least daily.
- F. **Patch Management.** All workstations, laptops and other systems that process and/or store Department PHI or PI must have critical security patches applied, with system reboot if necessary. There must be a documented patch management process which determines installation timeframe based on risk assessment and vendor recommendations. At a maximum, all applicable patches must be installed within 30 days of vendor release. Applications and systems that cannot be patched within this time frame due to significant operational reasons must have compensatory controls implemented to minimize risk until the patches can be installed. Applications and systems that cannot be patched must have compensatory controls implemented to minimize risk, where possible.
- G. **User IDs and Password Controls.** All users must be issued a unique user name for accessing Department PHI or PI. Username must be promptly disabled, deleted, or the password changed upon the transfer or termination of an employee with knowledge of the password. Passwords are not to be shared. Passwords must be at least eight characters and must be a non-dictionary word. Passwords must not be stored in readable format on the computer. Passwords must be changed at least every 90 days, preferably every 60 days. Passwords must be changed if revealed or compromised. Passwords must be composed of characters from at least three of the following four groups from the standard keyboard:

- 1) Upper case letters (A-Z)
 - 2) Lower case letters (a-z)
 - 3) Arabic numerals (0-9)
 - 4) Non-alphanumeric characters (punctuation symbols)
- H. **Data Destruction.** When no longer needed, all Department PHI or PI must be wiped using the Gutmann or US Department of Defense (DoD) 5220.22-M (7 Pass) standard, or by degaussing. Media may also be physically destroyed in accordance with NIST Special Publication 800-88. Other methods require prior written permission of the Department Information Security Office.
- I. **System Timeout.** The system providing access to Department PHI or PI must provide an automatic timeout, requiring re-authentication of the user session after no more than 20 minutes of inactivity.
- J. **Warning Banners.** All systems providing access to Department PHI or PI must display a warning banner stating that data is confidential, systems are logged, and system use is for business purposes only by authorized users. User must be directed to log off the system if they do not agree with these requirements.
- K. **System Logging.** The system must maintain an automated audit trail which can identify the user or system process which initiates a request for Department PHI or PI, or which alters Department PHI or PI. The audit trail must be date and time stamped, must log both successful and failed accesses, must be read only, and must be restricted to authorized users. If Department PHI or PI is stored in a database, database logging functionality must be enabled. Audit trail data must be archived for at least 3 years after occurrence.
- L. **Access Controls.** The system providing access to Department PHI or PI must use role based access controls for all user authentications, enforcing the principle of least privilege.
- M. **Transmission encryption.** All data transmissions of Department PHI or PI outside the secure internal network must be encrypted using a FIPS 140-2 certified algorithm which is 128bit or higher, such as AES. Encryption can be end to end at the network level, or the data files containing Department PHI can be encrypted. This requirement pertains to any type of Department PHI or PI in motion such as website access, file transfer, and E-Mail.

- N. **Intrusion Detection.** All systems involved in accessing, holding, transporting, and protecting Department PHI or PI that are accessible via the Internet must be protected by a comprehensive intrusion detection and prevention solution.

3. **Audit Controls**

- A. **System Security Review.** Contractor must ensure audit control mechanisms that record and examine system activity are in place. All systems processing and/or storing Department PHI or PI must have at least an annual system risk assessment/security review which provides assurance that administrative, physical, and technical controls are functioning effectively and providing adequate levels of protection. Reviews should include vulnerability scanning tools.
- B. **Log Reviews.** All systems processing and/or storing Department PHI or PI must have a routine procedure in place to review system logs for unauthorized access.
- C. **Change Control.** All systems processing and/or storing Department PHI or PI must have a documented change control procedure that ensures separation of duties and protects the confidentiality, integrity and availability of data.

4. **Business Continuity / Disaster Recovery Controls**

- A. **Emergency Mode Operation Plan.** Contractor must establish a documented plan to enable continuation of critical business processes and protection of the security of Department PHI or PI held in an electronic format in the event of an emergency. Emergency means any circumstance or situation that causes normal computer operations to become unavailable for use in performing the work required under this Agreement for more than 24 hours.
- B. **Data Backup Plan.** Contractor must have established documented procedures to backup Department PHI to maintain retrievable exact copies of Department PHI or PI. The plan must include a regular schedule for making backups, storing backups offsite, an inventory of backup media, and an estimate of the amount of time needed to restore Department PHI or PI should it be lost. At a minimum, the schedule must be a weekly full backup and monthly offsite storage of Department data.

5. **Paper Document Controls**

- A. **Supervision of Data.** Department PHI or PI in paper form shall not be left unattended at any time, unless it is locked in a file cabinet, file room, desk or office. Unattended means that information is not being observed by an employee authorized to access the information. Department PHI or PI in paper form shall not be left unattended at any time in vehicles or planes and shall not be checked in baggage on commercial airplanes.

Faxes shall contain a confidentiality statement notifying persons receiving faxes in error to destroy them. Fax numbers shall be verified with the intended recipient before sending the fax.
- F. **Mailing.** Mailings containing Department PHI or PI shall be sealed and secured from damage or inappropriate viewing of such PHI or PI to the extent possible. Mailings which include 500 or more individually identifiable records of Department PHI or PI in a single package shall be sent using a tracked mailing method which includes verification of delivery and receipt, unless the prior written permission of the Department to use another method is obtained.
