Statement of Qualifications:

Please briefly describe your qualifications and why you are interested in serving on the Board of Directors.

I have been a resident of Tres Pinos my entire life and now raising my three children here as well. Being a resident for decades has giving me the desire to help and give back to the community. My father was once on the board so following in his foot steps would be a great Privilege. I am very passionate about helping out the community in which I have participated in several voluntary and community service work. I posses excellent social skills that allows me to communicate well with others. I believe being given the opportunity to be on the board would be greatly honored and appreciated.
