3.34 Assignment of Anti-Trust Claims Regarding Purchase of Goods, Services or Materials.

The Contractor offers and agrees to assign to the County all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. Section 15) or under the Cartwright Act (Chapter 2 (commencing with Section 16700) of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, services, or materials pursuant to this IFB. This assignment shall be made and become effective at the time the County tenders final payment to the Contractor, without further acknowledgment by the parties.

3.35 Guarantee.

The Contractor shall issue his written guarantee to maintain such work for a period of one (1) year from date of acceptance and shall be responsible for the correction of any failure that is the result of defect in materials or workmanship.

3.36 Warranty, Manufacturer.

The manufacturer shall fully warrant all materials and equipment furnished under the terms of the contract awarded pursuant to this IFB against poor and inferior quality. While under warranty, manufacturer shall repair or replace inoperable materials or equipment in a timely manner to

minimize the disruption of County operations. A copy or description of the manufacturer's warranty shall accompany each bid for the material and equipment proposed, detailing the scope and length of the warranty. Where the successful bidder is also the manufacturer of the materials or equipment provided under this bid, the Manufacturer's Warranty requirement will supersede the successful bidder warranty requirement of this bid.

3.37 Warranty, Successful Bidder.

The Contractor shall fully warrant all materials and equipment furnished and work performed under the terms of the contract awarded pursuant to this IFB against poor and inferior quality or workmanship, for a period of not less than *one (1) year* from date of the final acceptance by the County. While under warranty, successful bidder shall promptly repair or replace inoperable materials or equipment and shall promptly correct inferior or defective work as may be deemed necessary by the Engineer, in a timely manner to minimize the disruption of County operations. The County shall give notice of observed defects with reasonable promptness. In the event that the Contractor should fail to make such repairs, adjustments or other work that may be necessary to correct defective or inoperable materials, equipment or work, the County may do so and charge the Contractor the cost thereby incurred. The Performance Bond shall remain in full force and effect through the warranty period.

3.38 Completion.

Time of completion shall not exceed Sixty-Five (65) calendar days from the Notice to Proceed.

3.39 Liquidated Damages.

Time is of the essence in this contract. It is agreed by the parties to the contract that in case all the work called for under the contract in all parts and requirements is not finished or completed within the number of calendar days as set forth in section 3.38 Completion, damage will be sustained by the County, and that it is and will be impracticable and extremely difficult to ascertain and determine the actual damage which the County will sustain in the event of and by reason of such delay; and it is therefore agreed that the Contractor will pay to the County the sum set forth below per day for each and every calendar day's delay in finishing the work in excess of the number of calendar days prescribed; and the Contractor agrees to pay said liquidated damages herein provided for, and further agrees that the County may deduct the amount thereof from any moneys due or that may become due the Contractor under the contract.

If adverse weather conditions are the basis for a Claim for additional time, such claim shall be documented by data substantiating that weather conditions were abnormal for the period of time and could not have been reasonably anticipated and that weather conditions had an adverse effect on the critical path schedule.

Claims due to adverse weather, when approved, shall be excusable but not compensable.

It is further agreed that in the event the Contractor fails to complete work and all requirements under this agreement within the number of calendar days specified, the County shall have the right (but not the obligation) to increase the number of calendar days, as the County may in its sole discretion deem best to serve its interests.

The Contractor will be granted an extension of time and will not be assessed with liquidated damages for any portion of the delay in completion of the work beyond the time named in section 3.38 Completion for the completion of the work caused by acts of God or of the public enemy, fire, storms, floods, tidal waves, earthquakes, shortage of materials and freight embargoes,

provided that the Contractor shall notify the Contract Manager in writing of the causes of delay within fifteen (15) days from the beginning of any such delay. The Contract Manager shall ascertain the facts and the extent of the delay, and his findings thereon shall be final and conclusive.

The Contractor shall pay to the County of San Benito a sum of \$500 per day for each and every calendar day's delay in finishing the work in excess of the number of calendar days prescribed in the Time of Completion. Completion of the project includes correction of any punch list items identified by the Project Design Team.

3.40 Default.

In the event the successful bidder who is awarded a purchase order and/or contract resulting from this bid shall be in breach or default, the County may procure the items/services from other sources and may deduct from any monies due, or that may thereafter become due to the successful bidder, the difference between the price named in the purchase order and/or contract and actual cost thereof to the County. Prices paid by the County must be considered the prevailing market price at the time such purchase is made. These rights and remedies shall not be exclusive but in addition to any other rights and remedies provided by contract law. Periods of performance may be extended if the facts as to the cause of delay justify such extension in the opinion of the County.

3.41 Cancellation of Purchase Order and/or Contract.

The County may terminate any purchase order and/or contract derived from this IFB as follows:

- a. WITHOUT CAUSE at any time by giving thirty (30) calendar days written notice to the successful bidder.
- b. WITH CAUSE (Default) at any time by giving ten (10) calendar days written notice to the successful bidder. Cancellation for cause shall be at the discretion of the County and shall be, but is not limited to, failure to supply the items, materials, equipment or services specified within the time allowed or within the terms, conditions or provisions of this IFB. The successful bidder may not cancel any purchase order and/or contract derived from this IFB, without prior written consent of the County.
- c. The County, at its sole discretion, may terminate any purchase order and/or contract derived awarded as a result of this IFB upon thirty (30) calendar days written notice to the vendor and/or successful bidder, in the event that funds have not been appropriated.

Such terminations shall be without penalty to the County.

3.42 Nondiscrimination.

- a. During the bidding process and thereafter, during the performance of the contract, bidders and sub-bidders, as well as the Contractor and any subcontractors, shall not unlawfully discriminate against any employee or applicant for employment because of race, color, ancestry, religion, sex, national origin, marital status, age, medical condition (cancer related), physical disability (including AIDS), or sexual orientation. Equal employment extends, but is not limited to recruitment, compensation, benefits, layoff, termination, and all other conditions of employment. Bidders and sub-bidders, and the Contractor and subcontractors, shall ensure that the evaluation and treatment of their employees and applicants for employment are free of such discrimination. Bidders and sub-bidders, and

the Contractor and subcontractors, shall comply with the provisions of the Fair Employment and Housing Act (Government Code, Section 12900 et seq.) and the applicable regulations promulgated thereunder (California Code of Regulations, Title 2, Division 4, Section 7285.0 et seq.) In particular, Labor Code Section 1735 and the regulations of the Fair Employment and Housing Commission implementing the Fair Employment and Housing Act regarding contractor nondiscrimination and compliance requirements, as set forth in Title 2, Division 4, Chapter 5, Section 8101 et seq. of the California Code of Regulations are incorporated herein by reference and made a part hereof as if set forth in full.

- b. Bidders and any sub-bidders shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other agreement.
- c. The Contractor shall include the nondiscrimination and compliance provisions of the clause in all subcontracts to perform work under the contract.
- d. The Contractor shall provide access to representatives of the Department of Fair Employment and Housing and the County upon reasonable notice at any time during normal business hours, but in no case less than twenty-four (24) hours notice, to such of its books, records, accounts, other sources of information and its facilities as said Department or County shall require to ascertain compliance with this clause.

3.43 California Labor Code.

Unless federal law applies, the Contractor and all Subcontractors shall comply with all state labor requirements applicable to public works projects, including but not limited to Labor Code sections 1720 et seq., 1770 et seq. and 1810 et seq.. Without limitation, the Contractor's and Subcontractors' obligations include the following:

- a. Hours of Work:
 - (1) Eight hours of labor shall constitute a legal day's work upon all work done hereunder, and the Contractor or any subcontractor under him, in the performance of the contract, shall not require more than eight hours of labor in any calendar day, or more than forty hours of labor in any calendar week, from any person employed by the Contractor in the performance of the work under this Contract, except as permitted under the provisions of Section 1815 of the Labor Code of the State of California. The Contractor shall forfeit, as penalty to the County, twenty-five dollars (\$25.00) for each worker employed by the Contractor or any subcontractor under the Contractor in the performance of the contract for each calendar day during which any worker is required or permitted to labor more than eight hours and for each calendar week during which any worker is required or permitted to labor more than forty hours, in violation of the provisions of such Labor Code.
- b. Apprentice Employment:
 - (1) Pursuant to the provisions of Labor Code section 1777.5, the Contractor or any subcontractor employing tradesmen in any apprenticeable occupation shall apply to the joint apprenticeship committee nearest the site of the project and which administers the apprenticeship program in that trade for a Certificate of Approval. The certificate will also fix the ratio of apprentices to journeymen that

will be used in the performance of the contract. All requirements and exceptions to those requirements set forth herein for Apprenticeship Employment are contained in Labor Code section 1777.5 and are available from the applicable Joint Apprenticeship Committee.

- (2) The Contractor and subcontractors shall make contributions to funds established for the administration of the apprenticeship programs if the Contractor or subcontractors employ registered apprentices or journeymen in any apprenticeable trade on such contracts and if other contractors on the project site are making such contributions.
- (3) The Contractor and subcontractors shall comply with the requirements of Labor Code sections 1777.5 and 1777.6 in the employment of apprentices. Information relative to apprenticeship standards, wage schedules, and other requirements may be obtained from the Director of Industrial Relations ex officio the Administrator of Apprenticeship, San Francisco, California, or from the Division of Apprenticeship Standards and its branch offices.

c. Wage Rates:

- (1) Pursuant to the provisions section 1770 et seq. of the Labor Code, the Contractor and any subcontractors shall pay each laborer or mechanic engaged in work on the project not less than the prevailing rate of per diem wages as determined by the Director of the California Department of Industrial Relations, regardless of any contractual relationship which may be alleged to exist between the Contractor or any subcontractor and such laborers and mechanics. The statement of prevailing wages appearing in the General Prevailing Wage Rates, as established by the California Department of Industrial Relations, is hereby specifically referred to and by this reference is made a part of this IFB. Copies of the Prevailing Wage Scale are available at the following website: http://www.dir.ca.gov/DLSR/statistics_research.html#PWD. Those copies shall be made available to any interested party upon request. Failure to pay such prevailing wages shall subject the employer to the penalties set forth in Labor Code section 1775.
- (2) Any laborer or mechanic employed to perform work on the project which work is not covered by any of the foregoing classifications, shall be paid not less than the prevailing rate of per diem wages specified herein for the classification which most nearly corresponds to the work to be performed by such laborer or mechanic.
- (3) The foregoing specified prevailing wage rates are minimum rates only, and the Contractor or any subcontractor may pay any wage rate in excess of the applicable rate.
- (4) An error on the part of the County does not relieve the Contractor or any subcontractor from responsibility for payment of the prevailing rate of per diem wages and penalties pursuant to Labor Code sections 1770 through 1775.

- d. Certified Payroll: as required under the provisions of Labor Code section 1776, the Contractor and each subcontractor must keep accurate payroll records of employees on public contracts and certify these records upon request, pursuant to Section 1776 of the California Labor Code and implementing regulations set forth in Title 8, Division 1, Chapter 8, Subchapter 3, sections 16000 and 16400 through 16404 of the California Code of Regulations. Payroll records must be made available for inspection by employees, the County, the Division of Labor Standards Enforcement, and the Division of Apprenticeship Standards. Accurate payroll records shall be maintained on forms provided by the Division of Labor Standards Enforcement, or alternatively, the Contractor and all subcontractors shall keep accurate payroll records containing the same information:
- (1) The payroll records shall show the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee by the Contractor or subcontractor in connection with the project.
 - (2) Certified copies of all payroll records enumerated above shall be available for inspection at all reasonable hours at the principal office of the Contractor as follows:
 - (a) certified copies shall be made available or furnished to the Contractor's or subcontractor's employee or the employee's authorized representative upon request.
 - (b) certified copies shall be made available for inspection or furnished upon request to a representative of the County, the Division of Labor Standards Enforcement, and the Division of Apprenticeship Standards of the Department of Industrial Relations. Upon written notice from the County, the Division of Labor Standards Enforcement, or the Division of Apprenticeship Standards of the Department of Industrial Relations, the Contractor shall, within ten (10) days of such request, file with the County a certified copy of the payroll records.
 - (c) certified copies shall be made available upon request by the public for inspection or copies thereof made, provided, however, that a request by the public shall be made through either the County, the Division of Labor Standards Enforcement, or the Division of Apprenticeship Standards of the Department of Industrial Relations. The requesting party shall, prior to being provided the records, reimburse the costs of preparation by the Contractor and the entity through which the request was made. The public shall not be given access to the records at the principal office of the Contractor.
 - (3) The Contractor shall be responsible for compliance by the Contractor's subcontractors.
- e. Subcontractors: The Contractor shall cause clauses identical to those provided in the Contract pertaining to Labor Code requirements to be included in every subcontract for work performed on the project.

3.44 Governing Law, Jurisdiction and Venue.

This IFB, or any contract awarded pursuant to this IFB, shall be deemed to be made under, and shall be governed by and construed in accordance with, the laws of the State of California. Jurisdiction and venue for any action brought to enforce the terms or provisions of the bid or any resulting contract, shall be in the state or federal courts situated in and for the County of San Benito, State of California.

SECTION 4. AWARD OF CONTRACT

An evaluation team shall validate and evaluate all bids received. All requirements identified in this bid must be satisfied in order to ensure that a bid will qualify for consideration. The low bid will be determined by the base bid. The County reserves the right to include in the Contract, if a Contract is awarded, the base bid only, or the base bid plus any alternate bid or combinations of alternates bid.

4.1 Lowest Responsible Bidder.

In addition to considering price in determining the lowest responsive bid, consideration shall be given to additional factors, in order to determine the responsiveness of the bids and the responsibility of the bidders including, but not limited to:

- a. The quality and performance of the supplies/equipment to be provided by the bidder;
- b. The ability, capacity and skill of the bidder to perform the contract or accomplish the transaction within the time specified, without delay;
- c. The character, integrity, reputation, judgment, experience and efficiency of the bidder;
- d. The quality of the bidder's performance on previous purchases by, or contracts with, the County, as demonstrated by the bidder's previous compliance with deadlines, budgets and quality of work, materials and supplies provided;
- e. The quality of the bidder's performance on previous purchases by, or contracts with other customers listed in **Attachment C** to the bid (list of customer references) or as otherwise ascertained by the County, as demonstrated by the bidder's previous compliance with deadlines, budgets and quality of work, materials and supplies provided; and
- f. The ability of the bidder to provide future maintenance, repair parts and services for the supplies/equipment provided.

4.2 Award.

The County reserves the right to:

- a. award bids received on the basis of individual items/services, or groups of items/services, or on the entire list of items/services;
- b. reject any or all bids, or any part thereof;
- c. waive any informality in the bids; and

- d. determine which bid is the lowest responsive bid, by a responsible bidder. The County's decision shall be final.

An evaluation of the bidder's ability, quality, and performance as set forth under Section "Lowest Responsible Bidder" of this bid, will be used in addition to total cost as a basis of award for any ensuing contract.

4.3 Standard Contract.

The successful bidder will enter into a contract with the County on the following standard form:

6. The COUNTY will pay to the CONTRACTOR in the manner and at such times set forth in the CONTRACT DOCUMENTS such amounts as required by the CONTRACT DOCUMENTS.
7. In lieu of the COUNTY retaining a portion of progress payments due the CONTRACTOR, the CONTRACTOR may elect to deposit qualifying securities equivalent to the amount to be withheld. Upon such deposit under an escrow agreement substantially in the form specified in section 22300(e) of the Public Contracts Code, the funds shall be released.

Eight hours of labor shall constitute a legal day's work, and the CONTRACTOR or any subcontractor under him, in the performance of the contract, shall not require more than eight hours of labor in any calendar day, or more than forty hours of labor in any calendar week, from any person employed by the CONTRACTOR in the performance of the work under this Contract, except as permitted under the provisions of Section 1815 of the Labor Code of the State of California. Those copies shall be made available to any interested party upon request. Failure to pay such prevailing wages shall subject the employer to the penalties set forth in Labor Code section 1775. The difference between such prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which the worker was paid less than the prevailing wage rate shall be paid to each worker by the CONTRACTOR or subcontractor. An error on the part of the COUNTY does not relieve the CONTRACTOR or any subcontractor from responsibility for payment of the prevailing rate of per diem wages and penalties pursuant to Labor Code sections 1770 through 1775.
11. The CONTRACTOR and each subcontractor must keep accurate payroll records of employees on public contracts and certify these records upon request, pursuant to Section 1776 of the California Labor Code and implementing regulations set forth in Title 8, Division 1, Chapter 8, Subchapter 3, sections 16000 and 16400 through 16404 of the California Code of Regulations.
