Granicus govAccess

A GOVERNMENT WEBSITE TO BETTER SERVE YOUR CITIZENS

Most people come to a government website with one goal – to complete a task – yet most government websites fail to deliver. With Granicus govAccess, user-friendly design, powerful content, accessibility, and secure transactions have never been easier.

A TRANSFORMATIVE DIGITAL EXPERIENCE

Let us help you take your website to the next level, promoting self-service, transparency, and civic engagement. Your project will start with our advanced UX research to identify the services and information important to your website visitors. We'll also work to break down departmental silos and optimize the digital citizen journey across all devices.

SIMPLE, YET DYNAMIC GOVERNMENT CMS

govAccess is a content management system (CMS) that was purpose built for government, allowing your staff to easily create content that informs, engages and serves their communities. Our CMS makes it easy to manage mobile experiences, bring more services online, share content through popular social media channels, create custom interior pages, and more - all while ensuring consistency and control.

ENTERPRISE-CLASS HOSTING + SUPPORT

From our state-of-the-art hosting infrastructure with greater than 99.9% uptime, to a team of certified government experts and tech gurus, the govAccess team relentlessly focuses on client satisfaction. Continuous optimization, regular health checks that include research-based recommendations, and 24x7 support deliver guaranteed success.

Heatmaps help us understand where eyes and clicks are going on your site.

Basing our redesign on science, rather than emotion, helped to keep everyone on the same page as we worked through the process of transforming our web presence from a mere website to a customer service portal.
