This Facilities Safety and Securities Assessment shall assess the ability of current COUNTY facilities to be safe and secure under all types of hazards and threats, create recommendations for improving the safety and security of COUNTYCOUNTY facilities, and present a final report to be presented to the Board of Supervisors.

The following steps will be completed as part of this project:

Step 1 – Data Acquisition and Research

CONTRACTOR will meet with COUNTY staff and management to determine the extent of facilities to be assessed and discuss criteria used for evaluation of safety and security. At the completion of the assessment CONTRACTOR will export the data for use by the COUNTY.

Step 3 – Safety and Security Assessment Field Surveys

CONTRACTOR survey teams will collect data using a number of tools including the tablet, tape measures, and cameras. Survey teams may discuss operational procedures with staff as part of their overall assessment. CONTRACTOR'S survey teams use a series of pre-populated checklists for exterior and interior building and site elements including:

- Overall site including parking, grounds, pedestrian and vehicular access, fencing and gates, lighting, and landscaping.
- Building exterior such as access points, building lighting, doors and locks, ground level equipment, signage, access to the roof, and visual access at entries.
- Building interior issues like entrances, rest rooms, common areas, work areas, and building systems.
- Monitoring and surveillance issues such as cameras, electronic security systems, fire alarm systems, communications with law enforcement, and computer networks.

Data collected in the field will be evaluated for consistency and completeness. CONTRACTOR will review the data and develop recommendations based on criteria developed with the COUNTY. Recommendations will be vetted for reasonableness, cost, and effectiveness. Priority rankings will be assigned and included as part of the Final Safety and Security Report.

Recommendations in the Final Report will use floor plans and photos of actual conditions as much as possible. When addressing operations, representative COUNTY Policies and Procedures will be referenced.
