

**Memorandum of Understanding
Between County of San Benito and AB109
San Benito County Community Corrections Partnership (CCP)**

On June 5, 2017, the San Benito County Community Corrections Partnership Executive Committee (CCP-EC) had voted that in the event the County requires and obtains a loan/additional funding in the amount up to \$5M in order to fund the Jail Expansion construction project under SB 81, the Community Corrections Partnership commits to allocate the amount of \$250,000 per year from funding under AB 109 for the period of 20 years towards repayment of that loan. This MOU memorializes that action.

The CCP shall not be obligated to allocate funds towards repayment should the loan not be necessary or the Jail Expansion Project be terminated prior to construction.

The term shall be in effect from July 1, 2017, or one year from when the additional funding/loan is obtained, whichever is later, until the repayment of the loan. No repayments or transfers of funds from the AB 109 sub-account shall occur until such time as the County secures the loan as indicated above.
